- *Bilingual – Native Mandarin Speaker with strong written and spoken English*
- *Fast paced consulting environment with focus on commercial outcomes*
- *Excellent salary package and friendly supportive work place*
- *Opportunity for rapid development and international experience*

Our Company

Brandwood Biomedical is a leading Medical Devices and IVD regulatory consultancy headquartered in Sydney and with offices in Greater China and the USA.

Our services support the whole product life-cycle, from investment readiness and due diligence to development and implementation of global regulatory strategies. Key service areas include quality systems, regulatory submissions, market representative services, comprehensive postmarket support including adverse events, recalls and advertising and labelling compliance, and preparation of expert technical reports including biocompatibility and clinical evaluations.

The Role

We seek a team player who brings a well-grounded practical knowledge of regulatory practice, the flexibility to apply their skills across a diverse range of client projects and who has a hunger to learn and grow with the business. Excellent client service is central to everything we do. You must be a native Mandarin speaker with good written and spoken English. Prior experience in working on CFDA submissions and dealing directly with the agency is essential.

Our ideal candidate will have:

- Technical qualifications in a relevant discipline (Science, Engineering);
- 3-5 years in regulatory or quality management in medical device, diagnostics, biotechnology or consulting environment;
- Significant hands-on experience in the preparation of regulatory and technical submissions, reports and documentation;

We offer excellent salary packages and a flexible friendly and supportive working environment.

This is an exciting opportunity to join a leading consultancy with considerable opportunity for development and for international experience. If you relish a challenge and bring the drive, skills and adaptability to succeed we need to hear from you.

Applications and Enquiries

To apply, please send a resume and cover letter explaining why you would be a great fit for our team to Mieko@brandwoodbiomedical.com.
